*"Listen closely and find out how to dream
and how to use those dreams..."*

With Joanie, the personal becomes universal."

Stephen Cole, from Liner Notes - www.stephencolewriter.org/

From Fared Haque:

Unlike many of my producing gigs, Joanie was an equal partner, choosing musicians, making edits, creating vocal parts and much more. It is a joy to work with someone who has such a clear and big vision of her art. Bravo!

From Joanie:

As I've said, these words are all I ever need to hear...
from my friend, guitar legend George Freeman:
*"Joanie, it gets to my SOUL! It's sentimental, and it
makes you reminisce."*
